Romanian Pavilion by RomLux

**Connecting Romanian Tech
with Global Opportunity**

Secure your spot at Nexus Luxembourg 2026 and position your company at the heart of Europe's most dynamic tech ecosystem.

Spaces are limited.

WHERE *INNOVATION* MEETS OPPORTUNITY

Step into Luxembourg's vibrant innovation ecosystem where global experts, visionary entrepreneurs, and leading institutions converge to shape Europe's digital future. This is your gateway into a nation known for agility, openness, and ambition. Meet decision-makers, engage with national AI and fintech initiatives, and connect with international leaders at the frontier of digital transformation. From startup showcases to policy dialogues, this is where partnerships form and the future begins.

"What impressed me most was the excellent organisation and the diversity of participants, dynamic and professional, yet friendly at the same time. It wasn't just a presentation event, but a true networking space where you could build useful, long-lasting connections."

— **Felix Plopeanu, Business Relationship Manager, AROBS**

Stories from the Romanian Pavilion

"Nexus is far more than a conference — it is a space where elite performance, meaningful connections, and strategic growth come together in a way few events in Europe can match. Every conversation felt meaningful, every interaction generated value, and every connection carried long-term potential. Thanks to RomLux, the level of support — before, during, and after the event — was exceptional."

— **Madalin Staniu, Founder & Managing Partner, Black Bullet**

"Our participation was an extremely valuable and well-organised experience. The opportunities for exchange of know-how were real and concrete – the quality of discussions and the support from the organisers throughout the event, outstanding. We were impressed by the personal involvement of the RomLux team in connecting us with relevant individuals, companies and organisations."

— **Lacramioara Rosu, HR & Business Development Manager, Euro-Testing Software Solutions**

"Luxembourg – a small country with big support for startups. I've been to many events where it's hard to get real attention – this was a good surprise. Investors, government representatives, even the Romanian Embassy didn't just stop by – they stayed, asked real questions, and offered to help. It was clear that Luxembourg takes startups seriously."

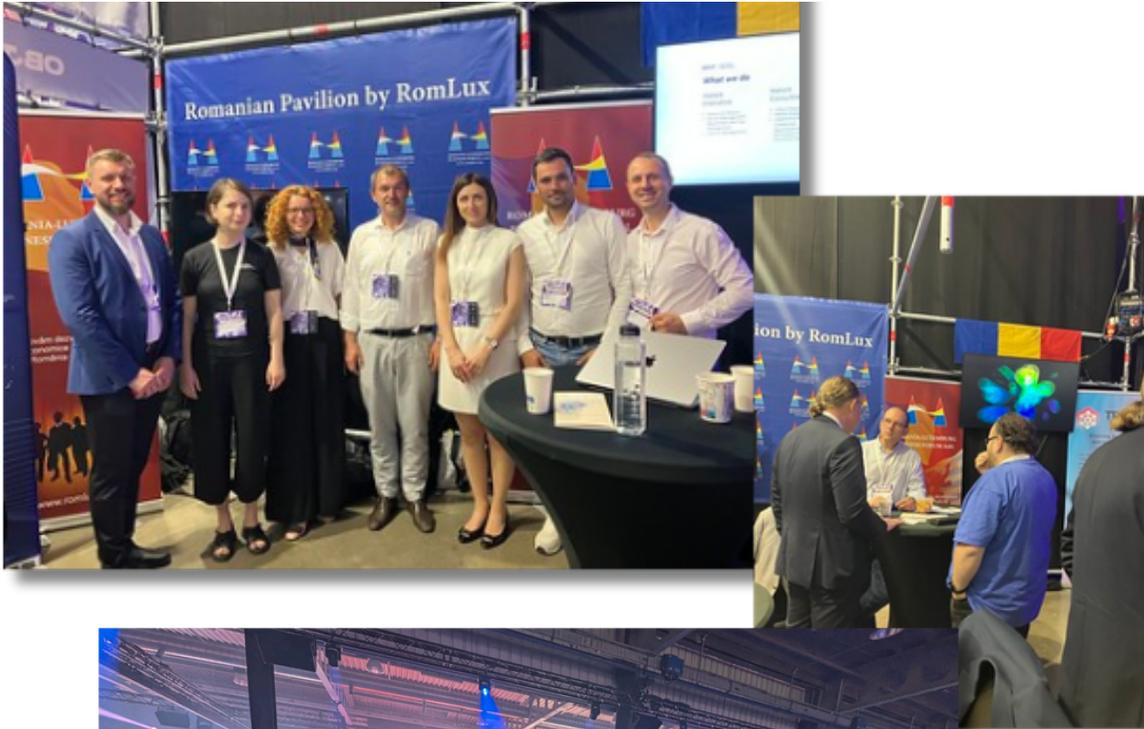

— **Alina Caburgan, Corporate Communications Manager, EdNeos – AI Digital Coach for Learning & Performance Enhancement**

"The high concentration of relevant ICT and innovation players in one place was impressive. Meaningful conversations that would normally take weeks of meetings happened in a single day. Nexus makes networking efficient and practical – the gateway to the European innovation ecosystem."

— **Eugeniu Costetchi, Founder, Meaningfy**

"As an executive search and leadership advisory firm operating across Europe, we particularly valued the depth of discussions around scale-up transformation and the leadership required to sustain innovation beyond technology itself. We value ROMLUX's role in making Romania visible in Luxembourg — and in turning presence into real cross-border business connections."
